Fortnight 1	Week 1	Meeting 1	1. Thembele Xhoxho	After the first lecture, I organized a meeting with my group members and we discussed the kind of support we need to give to the artists. They have all contacted their artists and started working together. The issues that they have encountered i.e artists finding difficulties accessing their email address, have all been forwarded to the SACO MP team and feedback will be given during the second MP weekly report.
